

Fighting Prescription Drug Abuse and Heroin Use Discount Program for Naloxone

Naloxone is used along with emergency medical treatment to reverse the life-threatening effects of opiate (narcotic) overdose. Buprenorphine (Subutex) and buprenorphine and naloxone (Suboxone) are used to treat opioid dependence (addiction to opioid drugs, including heroin and narcotic painkillers). Buprenorphine alone and the combination of buprenorphine and naloxone prevent withdrawal symptoms when someone stops taking opioid drugs by producing similar effects to these drugs.

Contracted Products

NDC #	McKesson Cat #	Description	Manufacture	UOM / Package	Qty / UOM
76329336901	806072	NALOXONE HCL 1 MG/ML SYRINGE 2	Amphastar Pharmaceuticals, Inc.	SYRINGE	10

67457029202	877082	NALOXONE HCL 0.4 MG/ML VIAL 1	Mylan Institutional	VIAL	10

Program Eligibility: The program is for participating agencies of the U.S. Communities Cooperative Purchasing Program that have signed participation documents for Premier’s Medical Surgical and Pharmaceutical Program. This is a comprehensive program to reduce the costs of medical products used by participating agencies.

Pricing: Naloxone is just one product in a comprehensive medical, surgical and pharmaceutical program available to public agencies with a relationship with U.S. Communities and Premier. Pricing is dependent on distribution needs the participating agency may have. Two primary distribution options are available through McKesson Medical or AmeriSource Bergen. Others may be available should the primary distribution channels not meet your needs.

Accessing the Agreement: The following steps are required to gain access to the agreement. Establishing accounts and setting up pricing typically takes a minimum of 30 days.

- Participating agency must be registered with U.S. Communities. Register at www.uscommunities.org
- Participating agency must also be a member of Premier and complete the Medical Surgical and Pharmaceutical Enrollment Form.
 - Complete the Premier Medical Surgical and Pharmaceutical Enrollment Form by visiting www.uscommunities.org/premiermedical and clicking the Enrollment Form button.
 - Once the electronic registration is completed you must download, complete, sign, and submit a Facility Authorization & Vendor Fee Agreement. The Agreement and instructions are available on the Enrollment Form. *Execution of this document is required for compliance with the regulatory safe harbor for group purchasing organizations.*
- If you are not a McKesson or AmerisourceBergen customer an account must be established. A Premier Customer Service Representative can put you in touch with the appropriate representative.
