

MASSEY FERGUSON

# Sub-Compact Tractors

< 24 HP

## SERIES:

### GC1700

Think of the Massey Ferguson® GC1700 Series as the Swiss Army® knife of sub-compacts, offering bigger tractor features in just the right size. With up to 25 gross engine horsepower and unmatched versatility, these easy-to-drive, multitasking workhorses can handle everything from mowing, loading and backhoe work to snow blowing and more.

## SEGMENTS:

Ag tech schools & universities

Sports fields

- Field prep
- Irrigation and foundation work
- Light duty backhoe work with minimal turf impact
- Light loader work
- All purpose

Finish mowing  
(Landscaping & precision cutting)

Snow removal blade & blowers

### GC1700 Series

Providing more than just great ergonomics, the operator's station on the GC1700 Series makes the transition from landscaping tractor to sub-compact virtually seamless. All major controls and functional pedals are in familiar, intuitive locations that are easy to reach and operate. A large, completely flat deck offers easy entry and exit, as well as comfortable foot placement for a great driving experience.

The GC1700 features the largest engine in its class, and more cubic inches translate into higher reserve torque and more efficient use of horsepower. And the all-cast-iron construction delivers higher durability and longer engine life.
