

A Tale of Two Cleaning Programs

12 YEAR

By adopting a Comprehensive Floor Care Plan, the life of carpeting can actually double, which drastically reduces the annual cost of ownership and replacement expenses.[†]

Vinyl Composite Tile Service

With three levels of vinyl composition tile (VCT) service, you can choose the level of clean that is right for your business.

Restoration

Multiple layers of floor finish are removed, floor is deep cleaned, and new layers of finish are applied.

Maintenance

Top layer of floor finish is removed, floor is deep cleaned, and new finish is applied.

Cleaning

Chemical is applied to floor and floor is agitated to remove debris and sediment. Chemical is re-applied to the floor, then rinsed and extracted, leaving your existing finish clean and intact.
