

Club Car<sup>®</sup>

***KEEP YOUR CREW  
SAFE & COMFORTABLE  
WITH OUR NEW, UPGRADED CAB***

At Club Car<sup>®</sup>, we know that adding the right accessories to your utility work vehicles can improve comfort, safety and performance. That's why we offer the widest range of commercial accessories in the industry. And we are continuously upgrading our portfolio to fit our customers' needs.

That includes a recent addition to our commercial cab offerings. Manufactured by Curtis Cab exclusively for Club Car, the new and durable all-steel cab delivers a true seal for excellent weather protection and comfort. It was engineered specifically to fit two-wheel drive Carryall<sup>®</sup> 300, 500, 550 and 700 utility vehicles.

 **Ingersoll Rand**

# NEW, UPGRADED CAB FOR 2WD CARRYALL® UTVS

Tilt-out front window

Flip-out rear window

A tilt-out windshield, spacious sliding windows in the doors, and a large flip-out rear window are standard features. The cab is engineered to maximize air flow, improve comfort and reduce the risk of heat-related accidents.

## The new cab offers a series of upgrades including:

- ROPS certification
- Seatbelts
- A plug-and-play wiring harness
- Door locks that match the ignition system

Built for the toughest work environments, standard durable automotive steel doors are ergonomic and sturdy. The front hinge is designed for ease of use and quick access to the bed. And the all-steel door is more shatter-resistant than all-glass doors.

## The cab comes standard with:

Sliding windows

A pre-wired windshield wiper

Headliner and rear storage net for gloves and other loose items.

With fewer parts and fasteners, it is much easier to install than many competitive products.

For additional flexibility and performance, the cab accommodates the following plug-and-play accessories:

Interior mirror

Two outside mirrors

Warning beacon

Front LED work lights

Seatbelts

LED dome light
